

Puppy Love

By Ashley Horton

Materials Needed:

Brother TMScanNCut- colors and styles may vary by model

White Cardstock

Clear Gesso

Spray Mists

Gelatos

Patterned Paper

Letter Stickers

Enamel Dots

Chipboard

Flair Buttons

Instructions:

1. Use the ScanNCut to create stencils
2. Cover White cardstock with clear Gesso, and let dry.
3. Place your cut file on the White cardstock, to use as a stencil.
4. Spray with two different color Spray Mists.
5. Remove the stencil cut files and let spray mist dry.
6. Use Gelatos to add color to 3 other cut files, cut from White cardstock.
7. Choose different patterned papers to place behind the open spaces on the cut file.
8. Layer the cut files over the stenciling and spray mist on the background paper.
9. Cut a circular photo and add it to your background.
10. Splatter Black spray mist onto the background.
11. Embellish with chipboard pieces, enamel dots and flair buttons.
